

Semi-automatic Penetrometer For Liquid Limit.

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Semi-automatic Penetrometer For Liquid Limit.

Manufacturer: Hira

Model: MAT-HIR-03306

Availability: In Stock

Description

This is a semi-automatic penetrometer for the liquid limit test, a bench-mounted apparatus determining the liquid limit of fine-grained soils by cone penetration to BS 1377-2. It has a leveling base, a vertical guide column carrying the cone-and-shaft assembly, and a digital penetration-depth gauge with a built-in electronic timer releasing the cone for a controlled 5-second free-fall.
