

Sand Pouring Cylinder, 200 Mm UTS-0920

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Sand Pouring Cylinder, 200 Mm UTS-0920

Manufacturer: Hira
Model: MAT-HIR-03307
Availability: In Stock

Description

The UTS-0920 is a 200mm sand pouring cylinder used to determine the in-situ dry density of compacted soils per BS 1377/ASTM D1556. The cast-aluminium cylinder holds calibrated uniform sand and is fitted with a conical funnel, shutter valve, and a hand-operated lever.
