

Calibration Container For UTS-0920

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Calibration Container For UTS-0920

Manufacturer: Hira
Model: MAT-HIR-03316
Availability: In Stock

Description

This is a calibration container for the UTS-0920 sand pouring cylinder, a cast-metal cylindrical container with a wide flanged rim, used to calibrate the bulk density of the standard sand before a sand-replacement field-density test.
