

Mechanical Dial gauge 25mm x 0.01mm Divisions

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Mechanical Dial gauge 25mm x 0.01mm Divisions

Manufacturer: Hira

Model: MAT-HIR-03341

Availability: In Stock

Description

This is a precision analog mechanical dial gauge with 25mm travel and 0.01mm divisions, used across geotechnical lab testing wherever small linear displacements need to be read directly off a calibrated dial face.
