

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Slotted Surcharge Weight

Manufacturer: Hira

Model: MAT-HIR-03413

Availability: In Stock

Description

This is a slotted circular steel plate that sits over the soil sample in a CBR mould to simulate overburden/pavement loading during soaking and penetration, with a U-shaped slot that lets it drop over the penetration piston stem.
