

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Disk Lifting Handle

Manufacturer: Hira
Model: MAT-HIR-03547
Availability: In Stock

Description

This is a steel T-handle that threads into the top of a CBR/compaction displacer or spacer disc, letting the operator unscrew and lift the disc out of the mould without touching the compacted specimen.
