

Safety Guard For Concrete compression machine

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Safety Guard For Concrete compression machine

Manufacturer: Hira

Model: MAT-HIR-03584

Availability: In Stock

Description

This is a hinged transparent enclosure that fits over the platens of a concrete compression testing machine, protecting the operator from spalling fragments during failure while maintaining a clear view of the specimen.
