

Compaction Pedestal + Specimen Mould Holder

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Compaction Pedestal + Specimen Mould Holder

Manufacturer: Hira

Model: MAT-HIR-03635

Availability: In Stock

Description

This is the rigid compaction pedestal and specimen mould holder used to support a Marshall mould during manual compaction, comprising a thick steel top plate carrying a spring-loaded mould clamp and hammer guide, mounted on a solid hardwood block that absorbs the hammer impact, to BS 598.
