Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Breaking Head Complete With Gauge Disc Conforming To BS 598

Manufacturer: Hira

Model: MAT-HIR-03636

Availability: In Stock

Description

This is the breaking head complete with gauge disc conforming to BS 598, a split curved jaw assembly that grips a compacted Marshall specimen during the stability-load test, guided together on two rods so they close around the specimen without binding.
