

Dichloromethane

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Dichloromethane

Manufacturer: Hira
Model: MAT-HIR-03716
Availability: In Stock

Description

Dichloromethane is a clear, colourless, volatile solvent typically bottled in amber glass to protect it from light. It is widely used as an extraction and cleaning solvent in labs due to its low boiling point and strong dissolving power.
