

Sulphuric Acid (concentrated)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Sulphuric Acid (concentrated)

Manufacturer: Hira

Model: MAT-HIR-03717

Availability: In Stock

Description

Concentrated sulphuric acid is a dense, oily, colourless-to-slightly-yellow liquid stored in a glass or heavy poly reagent bottle, generally around 98% assay. It is a highly corrosive strong mineral acid used extensively in titrations, digestions, and soil/water sample preparation.
