

Hotplate 200mm Diameter With Thermostat Heat Control Unit

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Hotplate 200mm Diameter With Thermostat Heat Control Unit

Manufacturer: Hira

Model: MAT-HIR-03770

Availability: In Stock

Description

This is a bench-top electric hotplate with a round cast plate roughly 200mm across, with a thermostat heat control unit, used to warm bitumen and aggregate samples ahead of mixing or testing.
