

Concrete Cover Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Concrete Cover Meter

Manufacturer: Hira
Model: MAT-HIR-03825
Availability: In Stock

Description

This is a handheld electromagnetic concrete cover meter that uses pulse-induction technology to locate embedded reinforcement, estimate bar diameter, and measure concrete cover depth non-destructively, built to BS 1881:204.
