

CBR Test Machine (Hand Operated)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

CBR Test Machine (Hand Operated)

Manufacturer: Hira
Model: MAT-HIR-03838
Availability: In Stock

Description

This is a laboratory CBR loading frame operated by a hand-cranked mechanical jack with a height-adjustable upper beam and a fast-approach mechanism, with load measured via a proving ring paired with a dial gauge, complying with ASTM D1883/AASHTO T193.
