

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Plastic Limit Roller

Manufacturer: Hira
Model: MAT-HIR-03853
Availability: In Stock

Description

This is a mechanical plastic-limit rolling device with a rigid bottom plate and a matching top plate with an integral handle, used to roll a soil thread to a standard diameter for a repeatable plastic-limit determination, meeting ASTM D4318/AASHTO T90.
