

Permeability Test System

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Permeability Test System

Manufacturer: Hira
Model: MAT-HIR-03859
Availability: In Stock

Description

This is a multi-cell permeability testing system that runs both constant-head and falling-head tests on compacted granular soils, holding up to four permeameter cells at once, meeting BS 1377-5/ASTM D2434/AASHTO T215.
