

Vibrating Table

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Vibrating Table

Manufacturer: Hira
Model: MAT-HIR-03861
Availability: In Stock

Description

This is a concrete/mortar compaction vibrating table with a cast deck rated for roughly 300lb of mould load, running at about 3,600 vibrations per minute with a rheostat-regulated amplitude, used to consolidate cylinder, cube, and beam specimens.
