

Pulse Velocity Measurement

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Pulse Velocity Measurement

Manufacturer: Hira
Model: MAT-HIR-03869
Availability: In Stock

Description

This is an ultrasonic pulse velocity tester for non-destructive concrete evaluation, using paired transmit/receive probes to measure pulse transit time through a specimen for assessing concrete uniformity, cracks, and voids, complying with ASTM C597/BS 1881:203.
