

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

## Product Overview

# Blaine Fineness Apparatus

**Manufacturer:** Hira

**Model:** MAT-HIR-03873

**Availability:** In Stock

## Description

This is a Blaine air-permeability apparatus for determining Portland cement fineness by drawing a fixed volume of air through a compacted cement bed and timing the pressure drop on a calibrated manometer, per ASTM C204/AASHTO T153.
