

Flow Table

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Flow Table

Manufacturer: Hira
Model: MAT-HIR-03880
Availability: In Stock

Description

This is a motor-driven cement/mortar flow table with a cast table top and a conical mould, used to determine mortar consistency by measuring the increase in specimen diameter after a set number of drops, per ASTM C230/C109/C1437.
