Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN 33-T8701 Electric vibrating Kango Hammer fitted with steel tamper(BS 1377) with support frame

Manufacturer: TIAN
Model: MAT-TIA-9487336
Availability: In Stock

Description

This electric vibrating (Kango-type) hammer clamps into a rigid steel support frame above a mould, with a steel tamping foot driven straight down into the soil. It follows the BS 1377 vibratory compaction method used for granular soils containing up to 30% material retained on the 20mm sieve.
