Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN QL1-C Moisture content tins, 75 mm dia, Cadmium or aluminium plated

Manufacturer: TIAN

Model: MAT-TIA-6075395

Availability: In Stock

Description

This is a shallow, lidded spun-metal moisture tin around 75mm diameter, cadmium or aluminium plated, used to hold a weighed wet soil sample through oven drying so the moisture-content loss can be measured.
