Product Overview

TIAN Metal tray with 150 mm diameter hole in the centre, 300mmx300mm square or equivalent area, 40mm deep

Manufacturer: TIAN
Model: MAT-TIA-2737893
Availability: In Stock

Description

This is the tray component of a sand-replacement density test set, sized 300mm x 300mm square (or equivalent area) x 40mm deep with a 150mm diameter centre hole. It sits over an excavated field test hole so the in-situ soil can be removed and its volume back-calculated by the sand-replacement method per BS 1377 Part 9.
