Product Overview

TIAN Metal tray with 200mm diameter hole in the centre, 500mm x 500mm square , 50 mm deep

Manufacturer: TIAN
Model: MAT-TIA-3253031
Availability: In Stock

Description

This galvanized steel density-test tray measures 500mm x 500mm and 50mm deep, with a 200mm diameter centre hole. It's used in the BS 1377 sand-replacement method to expose and template the excavation area before digging the test hole.
