

TIAN Hotplate 200mm diameter with Simmerstat heat control unit.

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN Hotplate 200mm diameter with Simmerstat heat control unit.

Manufacturer: TIAN
Model: MAT-TIA-4768844
Availability: In Stock

Description

This is a bench-top electric hotplate with a round cast plate roughly 200mm across, driven by a stepped energy-regulator (Simmerstat) dial that cycles the element to hold a chosen heat setting. Commonly used to warm bitumen and aggregate samples ahead of mixing or testing.
