

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN Metric wedge

Manufacturer: TIAN

Model: MAT-TIA-1409790

Availability: In Stock

Description

This is a graduated metric measuring wedge used with the straightedge to read the depth of surface voids or dips under the beam -- the wedge is slid into the gap until it touches bottom and the scale is read off directly.
