

TIAN AC-150 Aggregate Crushing Value Apparatus, 130 mm nominal diameter ,including plunger and base plate

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN AC-150 Aggregate Crushing Value Apparatus, 130 mm nominal diameter ,including plunger and base plate

Manufacturer: TIAN
Model: MAT-TIA-4671545
Availability: In Stock

Description

The AC-150 is a steel cylinder, plunger and base plate assembly hardened to roughly 650 HV for corrosion resistance, used to gauge an aggregate's resistance to gradually applied crushing load per BS 812-110. This is the 130mm nominal diameter version, complete with plunger and base plate.
