Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN 16-D1860/D Organic Impurities Test Complete Set

Manufacturer: TIAN

Model: MAT-TIA-6009888

Availability: In Stock

Description

The 16-D1860/D is a complete organic impurities test set -- a graduated bottle, NaOH reagent and glass colour standards - used to compare a digested sand sample's colour against references to flag harmful organic content, per ASTM C40/AASHTO T21.
