

TIAN Field Density Plate

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN Field Density Plate

Manufacturer: TIAN
Model: MAT-TIA-7783308
Availability: In Stock

Description

This is a flat, square cast-aluminum-alloy field density plate with a central circular cutout that seats over the excavation site during a sand-cone field density test, controlling the hole diameter and providing a stable base for the sand-cone jar/cone assembly.
