

TIAN Cylindrical Container for sand Calibration, H=152, Dia=152

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN Cylindrical Container for sand Calibration, H=152, Dia=152

Manufacturer: TIAN

Model: MAT-TIA-1452421

Availability: In Stock

Description

This is a machined cylindrical metal container, H=152mm x Dia=152mm, of known, precisely machined volume, used to calibrate the bulk density of the calibration sand before running sand-cone field density tests.
