

TIAN Ounce Moisture Content Cans, 50 ml

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

TIAN Ounce Moisture Content Cans, 50 ml

Manufacturer: TIAN

Model: MAT-TIA-3276659

Availability: In Stock

Description

These are small lidded 50ml aluminium tins used to hold soil or aggregate specimens during moisture-content determination by the oven-drying method, protecting the sample from moisture loss during transport and weighing.
