

Bosch Hexagon 28 X 360 X 450 Mm, D 11,1 Mm Wood Drill Bits

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Bosch Hexagon 28 X 360 X 450 Mm, D 11,1 Mm Wood Drill Bits

Manufacturer: Bosch
Model: POW-BOS-00323
Availability: In Stock

Description

Auger Bit is for fast drilling-accuracy in wood Heavy-duty self-feeding tip pulls the bit through completely, which allows for quick precision-drilling Straight holes and high chip removal rate due to an optimised low-friction flute geometry with a solid centre Optimised scoring spur and precision-ground main cutting edge produce accurate holes The Auger Bit is ideal for fast drilling-accuracy when producing through-holes, pre-drilling for rafter nails and drilling deep dowel holes in wood. The heavy-duty self-feeding tip pulls the bit through completely, which allows for quick and effortless precision-drilling. Straight holes and a high chip removal rate and increased speed are made...
